

## **National Curriculum 2015-16**

A high-quality physical education curriculum inspires all pupils to succeed and excel in competitive sport and other physically demanding activities. It should provide opportunities for pupils to become physically confident in a way which supports their health and fitness. Opportunities to compete in sport and other activities build character and help to embed a value led education.

### *Aims*

The national curriculum for physical education aims to ensure that all pupils:

- develop competence to excel in a broad range of physical activities
- are physically active for sustained periods of time
- engage in competitive sports and activities
- Lead healthy, active lives.

## **PE and sport premium for primary schools**

*“At White Spire School we committed to provide outstanding Physical Education to match all of our pupils needs. We are ensuring that the funding is spent on strengthening the Physical Education for the long term.”*

We want the children to see that PE and sport are at the heart of school life and that they can achieve anything if they take the opportunities offered to them.

We echo the aims and purpose as stated in the new National Curriculum. We believe physical education and sport is an essential part of every child's development. We endeavour to provide high quality physical education and sporting opportunities for every child, equipping them to lead healthy, active lifestyles as well as providing the children with the necessary skills of good sportsmanship, to strive for excellence and be resilient in defeat.

We aim to offer a balanced program and a variety of activities to provide all pupils with the opportunity to develop a broad spectrum of skills, the knowledge necessary to use those skills throughout their lives whilst enabling them to develop acceptable fitness levels. We want to raise the aspirations of every student regardless of ability, providing them with the determination and enthusiasm to pursue a healthy and active lifestyle in future years.

## What is the PE and sport premium for primary schools?

The PE and sport premium is designed to help primary schools improve the quality of the PE and sport activities that we offer to our pupils.

The Government is allocating money for primary schools over the 3 academic years 2013 to 2014, 2014 to 2015 and 2015 to 2016 to help schools to improve their provision within P.E.

The purpose of this is to help schools develop Physical Education and build upon the London 2012 Olympic Legacy.

This document will explain how much money White Spire has received and what we have used the money for as part of the primary physical education and sports premium grant.

## Attendance Figures for Clubs and Fixtures

Clubs are put on for both break, lunch time and after school to maximise participation. The school lunch time has now been changed to incorporate more clubs for a 30 minute time slot.

### Results

- The percentages attendance at clubs has slightly decreased. With the new lunch time structure pupils will have more opportunity to take part in clubs.
- The amount of pupils participating in both intra form competitions and fixtures has increased. All pupils have participated in one intra house competition each half term and at least one outside fixture/festival with the school year.
- Overall the percentage of pupils taking part in these opportunities has increased.
